BL4CKSWAN Training

Our training offering follows the lines of excellence along which we provide our core business: consulting activities. Such offering is strongly related to internationally recognized standards and best practices.

COMPLIANCE Line

- **PCI-DSS** Foundation
- **ISO/IEC 27001** Foundation
- **ISO/IEC 27001** Lead Auditor
- **ISO/IEC 29100** Foundation

RISK CONTROL Line

- **MAGERIT** Risk Manager
- **ISO/IEC 27005** Risk Manager

FRONTIER SECURITY Line

- **CISM** Exam training
- **CISSP** Exam training

Our trainers are always in possession of the qualification for the courses offered, and they are chosen amongst the best consultants of their field. This allows us not only theoretically but also practically transfer knowledge, using, wherever possible, an applied approach through ad hoc developed exercises.

The list of training courses is structured to be provided at our customers' premises but they can also be arranged at BL4CKSWAN's offices or on a partner's premises. Each of the previously listed courses is detailed later in this catalog within a datasheet summarizing its top features.
